

**WE CAN HELP
YOU FIND
YOUR PLACE
IN MISSION.**

Hi, we're TMS Global.

IT ALL STARTED IN 1984.

TMS Global was founded as a Christian nonprofit ministry that sends people to share the love and message of Jesus cross-culturally and equips Christ followers to better engage their neighbors. For more than 35 years, TMS Global has trained, mobilized, and served hundreds of cross-cultural workers. Currently, more than 130 workers serve in 36 nations around the world. Thousands of people have been introduced to Jesus and discipled in their faith. Churches in the US and abroad have embraced God's plan for their congregations and reached out to their communities, nation, and the world with the hope of Christ. We can help you find your place in Jesus' mission to the world. That's why we exist.

Train.

“As we were looking for a sending organization, I was primarily concerned with the member care, discipleship, and spiritual formation components. I was blown away by how TMS Global prepares people in these areas.”

— TMS Global worker in Asia

At TMS Global, we want to be the best that we can be, all for the purpose of pointing people to Jesus. We learn the local culture and context. We research, innovate, and constantly evaluate to determine how we can improve.

Communicating the love of Jesus in another culture requires thorough training. TMS Global trains each of our cross-cultural workers to learn from those in their new community, embrace many of their customs, and to look for the ways Jesus is already at work in the culture.

Our cross-cultural workers are taught to honor and empower the people they serve; to come alongside new believers, and then to equip them to announce Jesus and make disciples among their own people.

H.T. AND ALICE MACLIN MISSION TRAINING INTERNATIONAL.

Our workers are required to attend a two-week training course in a location overseas which is taught by our staff, current and former cross-cultural workers, and local guest presenters. The sessions prepare cross-cultural workers for everything from engaging cultures with the gospel, to building communities of faith, to understanding culture shock and spiritual warfare.

“

“We knew we were called to go to Ecuador, but we had not been to seminary. The amount of effort that TMS Global puts into training was a big reason we decided to go with the organization.”

- Kaylan Foster, TMS Global worker in Ecuador

All over the world, God calls people to be witnesses in other cultures. TMS Global exists to help people discern their unique missional calling and prayerfully place them in areas of service. In any way we can, we seek to help the body of Christ mobilize for God's mission.

MOBILIZATION HUBS.

Internationally, we come alongside pastors and church leaders who want to reach their neighbors and the nations for Jesus. TMS Global staff and workers lead strategic Mobilization Hubs in cities around the globe. These hub ministries are currently hosted in Latin America, Asia, and Africa and equip local churches to address the spiritual and social needs of their urban neighbors.

“God wanted us to find our identity in Him, not in what we did. We learned that who we are is enough for Him, and for the people He sent us to serve.”

- TMS Global worker in Asia

Mobilize.

“Jesus didn’t tell us to build the Church. He told us to make disciples. If we make disciples, He will build His Church.”

— Frank Decker, former TMS Global Vice President for Training and Formation

Our cross-cultural workers have the flexibility to dream of new and innovative ways to engage the local culture with the gospel. We want to support, encourage, and help shape the vision for ministry God has given each person.

Serve.

“At TMS Global there is a marriage of sharing the good news and building relationships with people.”

— TMS Global worker in Europe

We want to follow Jesus’ example—who loves us so much that He came to live among us. Our workers live among the people they serve, learn their language, raise their children alongside their neighbors, and model the love of Christ in their communities.

DISCIPLESHIP.

TMS Global was created to serve cross-cultural workers and the local church. As we train and mobilize people for ministry, we seek to help equip the next generation of change agents around the world.

Whether our workers are drilling wells to provide clean water, teaching English classes, mentoring vulnerable youth, or serving refugees, discipleship is at the heart of everything we do. Through serving the felt needs of people and communities, we walk with individuals in their faith journeys.

MEMBER CARE.

TMS Global's member care department provides counseling, prayer support, and people dedicated to ministering specifically to the children of our cross-cultural workers. We have a thorough debriefing process for our workers when they are back in the US, retreats for the children of our workers, online cohorts, and regional gatherings to continually care for our community. Our team keeps in close communication with our cross-cultural workers, ensuring that they have the support they need to be healthy and effective in ministry.

“The gospel we believe in naturally determines the kind of disciple we become, the kind of gospel we proclaim, the kind of disciples we make, the kind of life we live, and the kind of legacy we will leave.”

– Denny Heiberg, TMS Global worker

LOCAL CHURCHES.

In addition to mobilizing individuals, TMS Global is passionate about equipping local churches for missions. We believe the local church is God's primary agent for reaching the world for Christ. We partner with local churches, helping enable them to better engage their community and world with the message of Jesus.

We offer training for US congregations who seek to become more engaged in local and international missions. Interested churches can also receive personalized coaching to develop a mission action plan, including how to develop partnerships and fund your mission ministry. This coaching involves resourcing, onsite visits, and leadership development that is customized for your congregation.

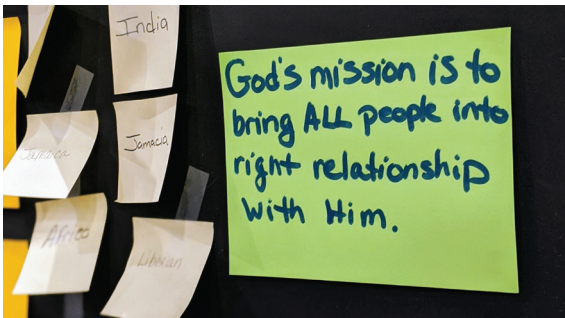

"Our weekend with TMS Global was by far the strongest and most clear presentation on missions for the local church I've ever been part of."

Belong.

Our cross-cultural workers live and serve among their neighbors, forming friendships and building authentic community. In everything we do, we seek to bring people together.

OUR MISSION.

TMS Global exists to mobilize and deploy the body of Christ globally to join Jesus in His mission, especially among the least-reached peoples.

TMS Global is a mission-sending community that seeks to join what Jesus is doing in you with what He is doing in the world. We believe that God is at work all around us and in us. He has gifted each person with passions and skills, and He invites all of us to join Him in His work of drawing people to Himself. Our mission is to walk alongside you and your congregation and empower you to take your place in His mission.

OUR VISION.

The kingdom of God advancing among all peoples bringing about redemption and reconciliation through Jesus Christ.

Our goal is to equip people to go into the world and make disciples who make disciples. We want to see people come to faith in Jesus, be discipled in their faith, and equipped to go out and lead others to faith in Christ.

Our cross-cultural workers enter into communities. They walk with people in their joys and sorrows, engaging them as they ask questions about who Jesus is and what it means to follow Him.

As this generation engages a world that is more global, more urban, and more digitally connected than any time in history, we are ready to come alongside them. We can mobilize, train, send, and support this generation to reach the world's least-reached people with the good news of Jesus.
